## WITH THE FORCES

### Flt.-Lt. Jones Wins D.F.C; Is With R.A.F.

OVERSEAS A YEAR;  
TWICE PROMOTED;  
WAS STUDENT HERE

Flight-Lieut. Frank Everett Jones, 26, son of Mr. and Mrs. Percy Jones of Abbotsford, who is serving with a British squadron at Malta, has been awarded the Distinguished Flying Cross. He is one of five members of the Royal Canadian Air Force overseas mentioned in the announcement of decorations made by R.C.A.F. headquarters Monday.

Previously Flt.-Lt. Jones was in active service with a Spitfire squadron in Britain. Born in Cloverdale, he attended Abbotsford and Cloverdale schools and worked as a salesman in Vancouver before joining the RCAF. He received his wings in July, 1941, and married Miss Gertrude Conway, at Chateau Frontenac, Sherbrooke, Quebec, July 30.

Flt.-Lt. Jones went overseas at the end of August last year and received his Pilot Officer's commission in May last, being sent to Malta the same month. He was promoted to his present rank on August 24 last. His brother, Thomas G. Jones, is serving overseas with the Royal Canadian Engineers. His father, Percy Jones, Building Superintendent for the M-S-A Educational Area, is Chief A.R.P. Warden for the M-S-A Area. A sister, Miss Dorothy Jones, is a member of the staff of the Abbotsford branch of the Royal Bank of Canada.

AC2 L. J. Fatkin returned to Edmonton Tuesday night after spending a short leave with his parents, Mr. and Mrs. Fenwick Fatkin of Bradner. He reports that AC2 Matthew McMath, son of Mr. and Mrs. M. McMath of Bradner, is at No. 7, I.T.S., Saskatoon.

Mr. and Mrs. T. D. Smith of Poplar have received word that their son, Gnr. Edwin Smith, has been hospitalized at St. John's, N.B., as a result of an injury to his knee. His brother, Gnr. Robert Smith, who is in the same anti-aircraft battery, ranked third in rifle marksmanship in the unit.

Cpl. Mae Mayne, RCAF (WD), is home from Toronto on two weeks leave.

LAC Lewis Lawley, former school teacher, visited here over the weekend.

LAC William Damen visited his mother, Mrs. Ethel Tones, at Mt. Lehman before he left for the East.

Cpl. E. A. Woods, Vancouver, and Mrs. Woods were weekend visitors here.

Roy Price, OT, RCNVR, spent a 48-hour leave with his parents, Mr. and Mrs. A. A. Price.

Cpl. W. T. Prasloski visited at his home recently.

Chief Petty Officer Norman A. Dash, RCNVR, paid a visit recently to his parents, Mr. and Mrs. A. Dash of Abbotsford, also to his wife and family in Calgary before leaving for service overseas. His picture appeared in The Calgary Herald.

LAC A. H. Stastny recently completed his course of training at Saskatoon and after a few days leave with his mother there was posted to Toronto for a week or two. He has now been transferred to Clinton, Ontario, for his final course. In writing the News to advise of his change of address LAC Stastny mentions that, "although we were quite busy at the University of Saskatchewan, most of us enjoyed our stay there very much and were sorry to leave." He also adds: "It has been a pleasure to receive my copy of the News regularly."

## ADVERTISERS AND CORRESPONDENTS

Due to the holiday on Monday, Oct. 12, The News requests the co-operation of advertisers and correspondents in providing as much of their "copy" as possible by Saturday morning of this week and the balance first thing Tuesday morning. With this assistance we will be able to publish as usual on Wednesday of next week.

## Here is the Commando Dagger!

This is the symbol of Canada's new Victory Loan. It is the commando dagger, and it typifies the grim spirit of the great Canadian force in England which General McNaughton described as "a dagger pointed at the heart of Berlin." No more appropriate symbol of Canada's titanic war effort could be devised. Actual commando daggers are being flown from England, and one will go to each of the groups of municipalities in Canada participating as units in the Third Victory Loan campaign commencing October 19.

### HOW IT IS WORN

#### Victory Loan Symbol

Weapon of this ruthless, all-out war for survival in which we are engaged, the Commando dagger, shown above in the hands of a Canadian Commando, is the symbol of the Third Victory Loan campaign. Each Victory Loan unit is to be given one of the 722 daggers flown from England for the purpose. On Victory Loan Sunday, Oct. 18, ceremonies will mark the receipt of this dagger in each area and, when the units reach their objective, the daggers will be flown back to England. Each will carry a personal message from the community and will be delivered to a military unit in England whose men came from the area demonstrating its support of the men in the front line by attaining or surpassing its Victory Loan objective. Come on M-S-A Area, let's prepare to do a good job.

#### "MISS CANADA" SALES

War Savings Stamps amounting to \$12.50 were sold by Beverly McDonald and Shirley McNelly in charge of the "Miss Canada" booth which was located at the J. S. Daly Store on Saturday night.

## Appeal for Co-operation in Salvage To Make up Two-Car Shipment Next Week in M-S-A Area

The Salvage Committee of the M-S-A Branch, Canadian Red Cross has been advised by the Canadian Pacific Railway that the freight shed the committee has been permitted to use during the past year as a salvage collection depot will be required by the railway for the storing of freight shipments after October 20.

Under the circumstances, the local salvage committee has again appealed to the Sumas, Matsqui and Abbotsford councils for their co-operation in picking up all available salvage on October 14 and 15 in order to make up two car loads before it is required that the collection depot be vacated.

A quantity of mixed salvage is now on hand at the depot and practically 30 tons of scrap metal is being contributed from Kilgard through the kindness of the Clayburn Company Limited. With this as a basis for two cars, it is hoped that all residents of the Area will again co-operate by gathering up all their salvage material, particularly rags, metal, rubber, bottles and superfluities articles.

Residents who have no transportation to bring their salvage are asked to advise their municipal clerk or Mrs. C. F. Weir, Abbotsford, by letter or telephone, giving address, quantity and approximate weight of the salvage they have ready.

The municipal trucks will endeavor to collect everything reported by those who are unable to truck it in themselves, and to save time and labor for the truck drivers, it would be a great help if salvage was placed as conveniently as possible for the trucks to pick up. Abbotsford Village is also providing a pick-up service.

The committee has been asked by salvage headquarters not to ship old newspapers and scrap paper at the present time as there is more on hand than can be readily disposed of.

Remember the dates, October 14 and 15, and anyone who could help with the loading of these cars, particularly the mixed salvage, anytime on either collection day, will be contributing a great service.

"EVERY SCRAP COUNTS!" Use a part of Thanksgiving Day to collect your scrap... and support those who still make it possible for us to have scraps to give.

## Would Save Good Lands For Veterans

ASSOCIATED BOARDS  
BACK RESOLUTION  
FROM M-S-A AREA

Quarterly meeting of the Associated Boards of Trade of the Fraser Valley & Lower Mainland, held at Chilliwack on Friday, unanimously endorsed a resolution from Abbotsford & District Board recommending that desirable farm properties coming on the market be taken over by the government and held for Soldier Settlement.

The resolution was strongly supported by Harry Day of Sumas, who was able to speak with personal experience of last war settlement methods, and by L. R. Wilson of Mission who commended the resolution as one of the most important and timely before the meeting. Wm. Payne, secretary of Vancouver Board of Trade, moving endorsement, declared it to be very sensible and practical. It was seconded by a Maple Ridge Board delegate and carried unanimously.

The resolution states "Whereas it is proposed to settle War Veterans on the land at the conclusion of the war, and whereas there are many desirable farm properties passing at the present time into the hands of undesirable types of settlers, and whereas in the last Soldier Settlement scheme, farm land values soared above production values, therefore be it resolved: we recommend that all suitable lands offered for sale or being abandoned due to wartime conditions be taken over by the government and held for Soldier Settlement." It also urged that a more careful selection of settlers be made and that the present Market Control be continued and enlarged.

Seven M-S-A delegates attended the meeting: Angus Campbell and Harry Day, Sumas; Coun. L. T. Beharrell, Matsqui; H. S. Andrews, Rev. A. Lough-ton, John B. Teir and Lang, Sands of Abbotsford.

Morning session was followed by lunch with the Chilliwack Rotary Club when George Pifer, director of National War Services, was guest speaker. Following the afternoon session delegates visited the corn canery in Chilliwack.

## Early Matsqui Story an "Air" This Friday

PIONEER EPISODE IS  
DRAMATIZED FOR RADIO  
BY HUNTINGDON WRITER

This is the story of a little girl who arrived in Esquimalt (near Victoria) from Ireland by way of Cape Horn in 1859. Her father was a surveyor with the Royal Engineers. For a few years her family lived in New Westminster but later they all moved to a farm at Matsqui Prairie in the Fraser Valley. The famous Telegraph line of the Western Union had a repeater station in the dining room of the MacLure home and little Sara soon learned the Morse Code. By the time she was twelve she was so proficient that she was taken on as a paid operator. At fourteen she handled unaided the news dispatches of the Franco-Prussian War. At 25, she was the operator at Yale in the wild construction days. Later she was the Chief Operator for British Columbia, stationed at Victoria.

During the first World War, although she was 60 and had to learn to type to get a job, she went back to the telegraph key.

Dramatized in a play written by Christie Harris of Huntingdon, this story will inaugurate a "Heroes of Canada" series for the B.C. School Broadcasts over CBR and will be heard during the broadcast starting at 2 p.m. this Friday, Oct. 9.

### Y.P.U. CONFERENCE

The British Columbia Conference, Young People's Union of the United Church in Canada, will meet in annual convention at Chilliwack next Saturday, Sunday and Monday.

### M-S-A CHAIRMAN

Reeve James Simpson of Matsqui who, concurring with the policy of spreading the work around, has consented to take the chairmanship of the M-S-A Area National War Finance Committee for the ensuing period. He will succeed Reeve Alex Houghton of Sumas, chairman for the Second Victory Loan, who now takes the joint position of vice-chairman with Commissioner M.M. Shore of Abbotsford, who directed the First Victory Loan Appeal in the Area.

## Night School Classes Start Next Tuesday

TWO AND PERHAPS  
THREE COURSES TO  
START IMMEDIATELY

A sewing class in Matsqui village and a singing class in Abbotsford are assured while a woodworking course utilizing the shops of Philip Sheffield high school is very likely, according to E. W. Burton, supervisor of M-S-A Night Schools and principal of the high school.

Matsqui women's sewing class will commence Tuesday, Oct. 13, 7:30 p.m. in the library of the new Matsqui school, and will be under Mrs. J. W. Westlin.

Abbotsford singing class, under Mrs. L. F. Lobban, will also begin the same night but in the auditorium of the high school. Both choral and teachers' groups will meet this Tuesday at 7:30 p.m. A separate class may be (Continued on Page Eight)

### MEETING FOR RENTERS OF JAP BERRY FARMS

Announcement is made that "all renters of Japanese berry farms are invited to attend a meeting to be held in the Legion Annex, Mission, on Friday, Oct. 9, at 1:30 p.m. Important matters such as acreage shortages, leases for 1943, etc., will be discussed," it states.

## W. I. Would Keep Conchies On Farm Work

SUGGEST MENNONITES  
BE OBLIGED TO AID  
FOOD PRODUCTION

Principal resolution passed by the closing session of the South Fraser District Women's Institute Conference in Abbotsford this afternoon dealt with the serious shortage of farm labor, and it urged that Mennonites and other conscientious objectors be forced to remain in farms. Second resolution asked that the CBC be asked to allot a portion of its broadcasting time for an Institute program. Resolutions of thanks were passed to those who billeted members and to Mrs. J. W. Winsor for her work in connection with the conference.

The first resolution passed declares "Whereas we feel that the production of food stuffs by our Agricultural industry is one of vital importance to the war effort and whereas we also feel that the production of these food-stuffs is at present being seriously hampered by shortage of labor in these fields, we hereby resolve that the director of manpower be urged to consider more seriously the whole question of labor for agricultural purposes and we suggest, as a means of relieving the situation, that Mennonite and other groups of conscientious objectors be obliged to remain on the farms either as owners or laborers."

### Morning Session

"The Consumers Branch of the Wartime Prices and Trade Board has a three-fold purpose," stated Mrs. Mary E. Hurrell, secretary of the Women's Regional Advisory Committee, when she spoke Wednesday morning.

She explained its purpose of guarding prices by using the Blue Book, copies of which are were distributed, to compare the

## STORES TO CLOSE 9 P.M. SATURDAYS FROM OCTOBER 17

With the harvest season over and darkness coming early now, Abbotsford merchants will revert to winter schedule and close their stores at 9 p.m. Saturday nights commencing October 17. As an added convenience to their farm customers, they have remained open during the past season until 10 p.m. Concern is also expressed in retail circles should a blackout occur on a Saturday night. It is the custom to leave so much provision shopping until Saturday night that it is feared many people would be caught short of supplies should the stores have to close at dusk some Saturday because of an air raid alarm.

### THIS WAY TO ALASKA

The great force of United States soldiers carving a highway to Alaska through the Canadian wilderness has conquered obstacles of all kinds. Through the bushland and across muskeg and rivers the road now extends for hundreds of miles. A typical ferry used by the army's engineers is shown in this photo. Utilizing the river's current, a barge forces its way across on the end of a wire cable from shore to shore.

### For Lower Auto License Fees

A popular note was struck by Associated Boards of Trade of the Fraser Valley and Lower Mainland when they endorsed a resolution originating with Delta Board of Trade calling for a reduction in the motor vehicle license fees in British Columbia. Few if any motorists are now able, under wartime restrictions, to make use of the highways to anywhere near the extent formerly permitted. In fact the restrictions on cars used for purely pleasure purposes make renewing the license in 1943 of doubtful value; certainly more motorists will hesitate to do so at \$25 than would at, say, \$10. The fees were never justified by the highways provided and motorists have always held grave doubts that a justifiable proportion of the monies thus secured by the government reaches the highway division of the public works department. In any event the steadily increased tax on gasoline in recent years is imposed to take care of highway work.

### Necessary Highway Improvements

While provincial government revenues from gasoline tax will likely continue to decline they still should more than take care of the reduced amount of highway maintenance required and the comparatively insignificant road building program in evidence. Consequently the resolutions from the Abbotsford & District Board of Trade, from the Chilliwack & District Board of Trade and from the Associated Boards of Trade of the Fraser Valley calling for immediate improvement of the "C" Street Detours as well as resumption of construction of the one-mile gap in "C" Street—which would provide a direct link between the Washington and British Columbia highway systems in Sumas municipality, cannot be said to conflict with the Associated Boards' endorsement of a plea for reduced motor vehicle license fees. There should be less difficulty than ever now for the B.C. government to secure Federal aid for construction of the "C" Street link and certainly the provincial board of works owes it to the M-S-A Area, if not all the Central Fraser Valley and the province east of here, to put the "detours", Riverside road to "C" Street and Vye road from "C" Street to Whatcom road, into decent condition. At present they are disgraceful (if they ever have been anything else) and, with the plea for gas and tire conservation, the condition of these makeshift connections between the Trans-Canada highway and the American highways is an absolute crime.

### Best Land For Its Defenders

Endorsation by the quarterly meeting Friday at Chilliwack of the Associated Boards of Trade of the Abbotsford & District Board resolution urging conservation of the better agricultural land falling on the market from now on for post-war rehabilitation purposes was fearless and impressive of increasing public opinion in this direction. The endorsement was unanimous and definitely favored preserving choice lands for the use of Returned Soldiers, at least those who wish to settle on the land and are suited to agricultural pursuits. The Associated Boards meeting was representative of Boards of Trade from Hope to Delta and from Agassiz to North Vancouver and its attitude left no doubt of strong opposition to land falling into the hands of those persons who are not sharing the full responsibility of Canadian citizenship in these times of national emergency.

### Will Help Eliminate Sectionalism

Formation of a British Columbia Board of Trade or to use the more correct if longer definition, of an Associated Boards of Trade of British Columbia organization was again endorsed by the Associated Boards of Trade of the Fraser Valley & Lower Mainland. The proposal originated with the successful Lower Mainland organization some twenty years ago and is now rapidly nearing realization. If operating expense of the proposed body can be kept within wartime limitations there is no doubt but that the project is favored unanimously. When the wrinkles common to every new organization are ironed out there is every reason to believe that an Associated Boards of Trade of British Columbia can do much to eliminate sectionalism that has been all too evident in this province—a sectionalism due largely to lack of appreciation or knowledge of the problems confronting the various natural geographic divisions of B.C. Six groups of Boards of Trades now functioning in these divisions of British Columbia will be brought together through meetings of representatives as a provincial council. If unselfishness and a common effort to understand each others problems form the keynote of discussions of this council much can be accomplished. It will be the responsibility of each division to foster this spirit and perhaps a greater responsibility rests on the members of the Associated Boards of Trade of the Fraser Valley & Lower Mainland, as father and mother of the project, than on any of the other five member divisions.

### Unselfishness Necessary Attitude

Shortest but by far the most impressive address given at the Chilliwack meeting of representative Fraser Valley men was that given at the meeting's conclusion by Gordon Towers of Langley. Mr. Towers had been selected or drafted by the National War Finance Committee to aid the forthcoming Third Victory Loan. His appointment to the B.C. Committee is well merited by the outstanding success attending his chairmanship of the Langley committee during the previous loans. In vivid terms, Mr. Towers pictured the present war of survival and his text, for text it was, was developed on the theme that unless every individual recognizes the seriousness of the crisis confronting us and exercises complete unselfishness in supporting our cause then we shall indeed face a very bleak future. His address sent the delegates to their homes in a very thoughtful frame of mind.

### Local Ration Offices for Rural Areas

The Wartime Prices and Trade Board is taking steps to reorganize its ration system, the chairman, Donald Gordon, said this week. By enlisting local people with an intimate knowledge of community conditions, it is planned to set up local ration offices in the municipal buildings at some 500 centres across Canada.

While final plans have not yet been announced, the Boards will be so located as to give representation to all areas.

The local boards will be staffed by volunteers chosen from among leading citizens of the communities concerned, who will work without pay as part of their war effort. Mayors and reeves are being asked to act as chairmen of the local ration boards and to submit nominations for board members. The boards will be made up of people representing agriculture, trade and industry, labor, the professions, and women.

"The move is designed to give better and more understanding service to the people of Canada with a minimum of expense and inconvenience," Donald Gordon, chairman of the Wartime Prices and Trade Board, explained. "It will bring local knowledge to bear upon local ration problems."

The local boards will have wide powers in administering local matters relating to rationing. This includes such work as issuance of ration books for new born babies, collection of the ration books of deceased persons, replacement of lost books, special allowances to soldiers on leave, allowances for preserving, or other special circumstances, changes of address and similar business, which it is believed can best be handled by persons familiar with local conditions.

### Canada's Share In Dieppe . . .

(Salmon Arm Observer)

The Government at Ottawa has given out the full list of casualties in the Commando raid on Dieppe. It is the most serious affair that our men have taken a share in since the war started. Roughly, 170 men were killed, 633 were wounded, and over 2547 are missing, a total of 3250 altogether.

All these men were volunteers, all were aware that their lives were in serious danger. There is little we can say in sufficient praise of their sacrifice, a willing offering on behalf of our freedom.

Yet we rebel at the little troubles we have to put up with at home, where we have plenty to eat, comfortable homes to live in, and complete freedom from danger. We ought to have a spirit of thankfulness and a ready desire to help in every way possible the speedy ending of this bloody carnage. Red Cross and war bonds should receive our heartiest support as a token of our appreciation.

### The Weekly Gets the Call

National advertising has more than five times as much chance of being read in a good weekly as in a daily, it is indicated by a comparison of readership. This conclusion was reached by Rutgers University in the United States. This has been the contention of small town publishers for some time. An average of five people read each copy of a weekly newspaper, which means that the actual reader circulation is far above the subscription circulation quoted by the weekly paper. The weekly newspaper is kept in the home much longer than a daily and is referred to at different times during the week.

dollars. It is believed that this new station will be a valuable addition to existing allied shortwave stations in countering axis propaganda and would be of particular value if a British short wave station were damaged. And the station will assist the cause of the United Kingdom and other countries with information about Canada, both now and after the war.

With intensified speed Canada goes full-out on the war.

The origin of the turnip is not definitely known. It was grown during the Bronze Age in Sweden, and among the early Romans was an important cultivated plant. It was brought to North America at an early date. Cartier sowed turnip seed in 1540 during his voyage of exploration, and in 1779 General Sullivan in his invasion of the Indian territory destroyed the turnips in the Indian fields (now Geneva, New York).

## FARM BRIEFS

The importance of exercise for the stock boar during the winter months cannot be over-estimated. A paddock should be arranged for him out of doors, close to the barnyard, or the run of the barnyard could be given him for a few hours a day.

In 1941 Canadian hens laid more than 2,928,000,000 eggs, or over 244 million dozen.

The only insect which seriously affects the growing of hops in Eastern Canada is the hop vine borer. In British Columbia the principal insects which damage hops are the common red spider, the hop aphid, and the hop flea beetle.

Most farmers prefer to grind the soybeans used in the grain feed for live stock. It is sometimes difficult to grind soybeans alone in an ordinary grain grinder, but, when they are first mixed with barley, oats, or other grains, no difficulties are experienced.

**"I'M A FREE MAN!"**

"I'm glad I live in Canada. My family is safe here. There is no Gestapo, no hunger, no brutal aggression. I have a good job, and I am free, and unafraid."

"In many lands, the people have been robbed and beaten, their money and possessions forcibly taken from them. Here in my country, I can lend my money and know that it is safe, backed by all the resources of Canada, and that I will get interest on it, too. I am gladly doing without some things so as to be ready to lend every dollar I can to the country that has been so good to me and my family."

\* \* \*

Every dollar you lend to Canada helps to protect you . . . gives you the right to work in personal freedom instead of under brutal dictators . . . enables you to live your own life, for yourself and your loved ones.

Victory Bonds are a good way to save . . . this country has always paid back every penny loaned to it, with interest. Plan now how you can lend your money . . . figure how you can save to lend more. Back up the men who are fighting for your freedom . . . let your self-denial show your loyalty to Canada.

## MOVING TO ABBOTSFORD

Capt. H. L. Chittenden and Mrs. Chittenden of Bradner plan to move into Abbotsford this month and the Chittenden herd of purebred Guernsey cattle will be sold this Saturday, Oct. 10, at the Dennis sales barn, Chilliwack, according to announcement in another column.

## DAIRY CATTLE AUCTION SALE

Entire herd of dairy cattle of J. Hudak will be sold by Auctioneer J. B. Dennis on Monday, Oct. 12, at 1:30 p.m., on the farm which is situated on the Old Abbotsford road, 2 1/2 miles from Abbotsford. Eighteen head will be offered at this farm dispersal sale, according to the details advertised in this issue.

## REV. DANIEL F. WHITE

Solemn Requiem Mass was observed at St. Ann's Church, Abbotsford, this morning for Rev. Father Daniel F. White whose death occurred in the M-S-A General Hospital Sunday morning. He had not been in good health and was found Saturday evening to have been stricken in the rectory and was immediately taken to hospital but failed to rally. Very Rev. Father Loftus, O.M.I., dean of New Westminster district, had charge of the funeral arrangements. A Priests' Choir from Vancouver took part and Rev. Father Henley of Chilliwack spoke on the life and service of the deceased. Interment was in St. Peter's Cemetery, New Westminster.

Rev. Father White was a native of Prince Edward Island, studied at Holy Heart Seminary, Halifax, and had been in the Archdiocese of Vancouver for 10 years. Prior to his pastorate here he was attached to the staff of Holy Rosary Cathedral in Vancouver and was later at Princeton. He is survived by a sister, who was visiting him until recently and who proposed, after settling affairs in California, to return here to live. A half-brother is said to reside in Portland, Ore.

Mrs. Hannah Fraser and Rev. G. R. Tench attended the Westminster Presbytery meeting at Queen's Avenue church in New Westminster last week.

Mr. and Mrs. J. P. O'Kane and baby of North Vancouver spent the weekend with Mrs. M. Moret. Mrs. John McKee is visiting her parents in Vancouver.

prices of today with the prices a year from now, as a guard against inflation. Its second purpose is to interpret Board orders and regulations and to assist the public to use them in their everyday lives; and thirdly, to bring women to the board to present their cases. She pointed out that every woman in Canada is a member of the Consumers Branch and she urged co-operation with the retail merchant who is doing a tremendous amount to assist with the work. Mr. A. W. Cowley of the War-time Prices and Trade Board explained to the meeting that the Board is gaining experience and a background for post-war work, and that it is working to keep prices down and see that there is an equal distribution of goods. He emphasized the fact that we are just beginning to fight a total war. When asked if the Japs in B.C. are rationed the same as we are, Mr. Cowley answered that according to the Geneva code, the Japs are given Canadian army rations with less meat, and that all Japs have now received tea, coffee and sugar ration books.

## MRS. S. CAMERON IS TEA GUEST

A bon voyage tea was held at the home of Mrs. Amos Gibbard on Monday afternoon in honor of Mrs. Stan. Cameron, who with her son, Bobby, is leaving for Calgary, Alta., to remain for three months. During the afternoon, Mrs. Cameron was presented with a farewell gift.

### Prisoners of War Parcels

We have been notified that quarterly parcels sent by next-of-kin to prisoners of war must contain not more than two pounds of chocolate. Hitherto there was no stipulation that the total amount of 11 pounds could not be confined to this one thing. This does not refer, of course, to Red Cross parcels.

### Superfluity Shop

Mr. E. Paige has offered to accept goods left at his shop at the rear of the old Pioneer Store when the Superfluity Shop is not open.

### Salvage

An extensive drive for salvage is underway in the district, as will be noted elsewhere in this issue, and in this connection it might be interesting to note that the three cars already shipped have grossed a total of \$560.

### Raffle

The soldier doll made and donated by Mrs. G. E. W. Clarke was won by Mrs. James Webster.

## A WEEK WITH THE CANADIAN ARMY OVERSEAS

# Back from Dieppe and Ready to do it Again, Weekly Writers Find of Canadian Heroes

This is one of a series written specially for the A. S. & M. News as a member of the Canadian Weekly Newspapers Association by C. V. Charters, Brampton, in collaboration with Walter Legge, Granby.

After thinking back over the past week and recounting the territory covered, the places visited and the experiences that have been ours, this brief review article might well have been titled "A Week in the Canadian Army".

It was indeed a very strenuous one, and the remarkable point is that two fifty-year old recruits like your representatives have survived the heavy strain and have come through smiling to tell you about it.

It was the thrill of a life-time to cross the Atlantic in 9½ hours, but almost equally thrilling and certainly most inspiring has been the week spent in visiting many of the Canadian Army units. It has been our privilege to witness the most realistic Army manoeuvres and schemes which it is possible to "lay-on" when not confronted by the actual enemy.

## General is Loved

During the week we travelled close to one thousand miles by chartered bus, by Jeep and Peep motor vehicles in Bren Gun Carriers, in tanks and on "shanks pony". We have sat in conference

with General McNaughton for over an hour and a half and have learned by his friendly attitude and his cool calculating manner, and brutally frank answers to all our questions, why he is loved by all the men serving under him, and admired by his colleagues in high military circles of all the Allied Nations.

We have chatted informally with other high Army officials, with Junior officers and with the men in the ranks and are impressed with the fine spirit everywhere manifested. We have had conversations with participants in the Dieppe attack, some who came back unscathed and others who are now in hospital having their wounds doctored. To talk with these lads is a grand sensation. They are surprisingly cheerful and bright, no complaining and show an eagerness to tackle the job again that is most encouraging. In a later article our visit with these heroes of Dieppe will be given in greater detail. It is an inspiring story.

## Commando Attack

We have seen bridges erected by a corps of Canadian Engineers in less time than it takes a county or town council at home to decide on such an expansive construction. We attended an assault course and witnessed a realistic Commando attack put on by the Army in co-operation with the Navy—some of the personnel and the equipment used having seen action in the Dieppe raid.

We saw the latest and largest Army tanks in action and marvelled at their accomplishments. We rode in these tanks, drove them, fired their guns and gave the commands going into attack. We witnessed the Artillery and Infantry in action and marvelled at the accuracy and precision with which they carried out their assigned tasks. We watched the wounded being taken from tanks placed on stretchers in the field and taken back of the lines for necessary treatment.

We saw the Ordnance Corps in every phase, from the large workshops at the base to the smaller ones further down the line. They are evidence of Canadian engineering and mechanical skill. We gazed at Doctors, Den-

tists and Padres drilling and going through physical training to harden them up for their duties. We witnessed realistic bayonet fighting, motor cycle corps being trained as despatch riders and Provost.

We heard wireless instructors explaining to classes the intricacies of their war job so important to Army communications.

## Vast Work Entailed

After this first week with the Army we are forced to say that the intensive training being carried on here was indeed a revelation to us all. We feel sure that the average person has little conception of the work entailed in preparing an army for battle.

Our next week will be spent with the Air Force. Then we will have some time with the Navy and with the Forestry Corps. Following that, opportunity is to be given for us to visit any other points of special interest.

## FOR RECRUITS

# RCAF Forms Are Available In Abbotsford

When the RCAF Mobile Recruiting Unit spent a day in Abbotsford recently it was announced that it might be some time before the Unit would again be able to visit the M-S-A Area as its itinerary is lengthy. As men and young women will, in the interval, desire to make application for enlistment in the service, the officers in charge decided to make arrangements locally which would help to reduce the time otherwise necessary to do so by correspondence. A central office where intending applicants might be able to secure some information and application forms applicable was sought and Lang. Sands, publisher of the A. S. & M. News, agreed to act as district volunteer representative of the RCAF Recruiting Centre, Vancouver. Announcement confirming this arrangement has been made by Squadron Leader R. E. Horsfield, Commanding Officer.

## Information, Forms

Prospective applicants for enlistment in the RCAF, either men or women, may obtain from The News office, the necessary questionnaire forms and information relative to submitting their applications. Material available includes copies of "Men Take Wings—a story in pictures of the Royal Canadian Air Force in Training."

While it will still be necessary to visit the Recruiting Centre in Vancouver, or contact a Mobile Recruiting Unit, for the tests and medical examination necessary prior to enlistment, much of the preliminaries required to make a proper assessment of an applicant's qualifications may now be completed through the local Representative. Applicants for Air Crew between the ages of 18 to 32 inclusive, are urgently required, and there are many Air Force duties in which women may serve in order that men may fly.

## Transportation

Wherever the qualifications of a prospective applicant appear to justify proceeding with the application, transportation to the Vancouver Recruiting Centre will be provided at Air Force expense if there should be no imminent scheduled visit from a Mobile Recruiting Unit.

## B.C. NATIVE SONS BACK BAN ON JAPS

Post-war repatriation of all Japs is sought by the Native Sons of B.C. Post No. 4.

A letter from the organization received Thursday at Vancouver City Hall expressed unanimous support of the movement launched by Mayor Cornett to clear Canada of Nipponese when peace returns.

His Worship was commended for asking the City Council, in a resolution now pending, to petition Ottawa for a promise of clearcut action at peace conferences.

Native Sons point out that they have always been opposed to Japanese penetration in Canadian life.

## 1st Abbotsford Troop Boy Scouts

There are some big plans being laid for the First Abbotsford Troop Boy Scouts for this winter, Rev. C. W. Bryce, scoutmaster, announces.

The assistance of J. H. Wilde, manual training instructor of Philip Sheffield high school has been secured to help in putting the scouts through their electrical and carpentry tests. Besides this there will be the First Aid work, and possibly, some instruction in fire bomb fighting, message carrying in case of air raids and stretcher bearing in the same emergency.

Next meeting of the troop will be in the parish hall of St. Matthew's, Friday at 7:30 p.m.

All boys of scout age are encouraged to "enlist" and enjoy the training.

## TIRES INSPECTION, GAS RATIONING IN UNITED STATES

Price Administrator Leon Henderson announces that nationwide gasoline rationing will start in the United States probably on November 22, with a basic ration of slightly under four gallons a week. In addition, tires on all cars must be submitted every 60 days after rationing starts for on-wheel inspection to ensure that proper care is given them.

While good chick rations are more expensive than poor ones, it pays in the long run to use only rations which will produce sturdy healthy chicks.

## If You Own An AUSTIN

Your rationing will take you further, your tires will take you nearly twice as far!

NOW, more than ever, does our slogan prove true—"You buy a car but you invest in an Austin."

DAY & NIGHT SERVICE

## Shoots 1½ Miles of Wire In 4 Minutes

Why can't we supply telephone service to everyone who wants it these days? Here's one reason why. A machine gun shoots the equivalent of 1½ miles of copper wire in four minutes. Modern war requires huge quantities of copper and other materials which are used in the telephone business. There isn't enough to go around, and as the armed forces come first, our business must forego adding materially to its lines and equipment until after the war.

**THIS  
and  
THAT**

Margaret Weir

You've often wondered why you have little things—little things you had no use for so just dusted and put away again—knowing they must certainly have some purpose for existing but for what purpose you never really could figure out. Well that day has arrived, the day for which you were unconsciously saving THIS and THAT—the day when they could be packed up and taken to your Red Cross Sales window, turned into cash and then into anything from medical supplies to Prisoner-of-War parcels. Aren't you glad you didn't throw them into the garbage can? Well, we are too, because for months now these little things have been coming in a steady stream to the Red Cross Salvage rooms, now situated in the corner store recently vacated by Mr. Benedict. An unbelievable and often amusing assortment of THIS and THAT—everything from cow bells to baby bottles— from doll furniture to dishes. The valuable things are sent to Vancouver to be sold in the interesting little Superfluity shop on Burrard Street.

Every little while the assortment on hand becomes drab and less interesting but always at that point some one in our district has an urge to make a clean-up of top shelves and basement, and in they come to us. In much less than a year the window of our Salvage Room has cleared over \$200.

Everything is sold very reasonably and people seem very pleased with their little purchases—pleased to be able to fit into their homes the little things you could not find use for.

Soon the thought of Fall housecleaning will be upon every homemaker and with this in mind the Red Cross hopes she will keep her eye out for THIS and THAT and march them down to the Red Cross window—March them out into an active existence with a power to heal and soothe hurt limbs and feed our hungry prisoners-of-war.

**FRISKEY - McBLAIN**

A pretty wedding was solemnized in Chilliwack Baptist Church on Wednesday evening at 9 o'clock when the Rev. J. Scott joined in marriage Miss Isabel McBlain, daughter of Mr. and Mrs. McBlain of Sardis, and Robert Friskey, RCAF, son of Mr. and Mrs. Friskey of Straiton.

The bride looked charming in a floor-length gown of white satin with a beautiful lace net veil, recently received from Scotland. Her bouquet was of pink rosebuds and fern. The bridesmaids were Margaret Friskey, the groom's sister, Norma Zink and Bernice Hall, who were attired in pink and blue, with matching head-dresses. Little Mary McBlain was her sister's flower-girl and looked sweet in a floor-length dress of yellow silk. The groom, who wore his air force uniform, was supported by his brother, George Friskey. The women of the M-S-A Area have not let the men of the forces down in any way. They have been foremost in Red Cross work; conserving fruits and vegetables; aiding charities drives in work and donations; sewing and knitting for the bombed children in Britain . . . and now their weight is being felt in the struggle to offset the labor shortage.

Believed to be the first to enter the latter field is Mrs. Herbert Jones of Abbotsford. Mr. Jones enlisted with the RCAF last month to get his teeth into the fight against world slavery, but his wife was not to be outdone. For several weeks now Mrs. Jones has been rising early, doing her housework and then setting out for her job of serving the Abbotsford Bakery route in the Matsqui district . . . and that's a man-size job.

Mrs. J. D. Leavitt was elected president of the Upper Sumas Women's Institute for the fifth term at a meeting held at the home of Mrs. E. C. Stickland on Thursday afternoon. Mrs. A. Hougen was chosen vice-president, and Mrs. Fred Corbett was elected secretary-treasurer upon the resignation of Mrs. Victor Tessaro. Directors appointed are Mesdames E. Austin, V. Tessaro, and A. Hougen. It had been decided in January to hold the annual meeting and election of officers in October.

The secretary reported that during the year receipts amounted to \$150.72 and expenditures \$118.88, leaving a balance of \$31.84. Expenditures included donation towards an X-ray machine for the M-S-A hospital, Red Cross work, Upper Sumas school, Salvation Army and the Crippled Children's hospital and solarium in Victoria. The sum of \$5 was realized from the raffle of a water-color landscape painted and donated by Mrs. Wendall Bowman. Mrs. I. Keefer of Vancouver, a former Institute member, won the painting.

Mrs. Fred Corbett was appointed delegate to the South Fraser District Women's Institute Conference held in Abbotsford Tuesday and Wednesday this week. The president volunteered to submit the ten questions which were presented at the Convention.

Mrs. E. Austin won the prize, an Indian basket, which the president had offered to the member winning the most points at the Central Fraser Valley Fair. Mrs. Hammond, a visitor from Nicola, reported that their Red Cross finished 1700 articles last year.

At the conclusion of the meeting, Mrs. E. Brogaard assisted the hostess to serve refreshments. The November meeting will be at the home of Mrs. A. Hougen.

So that our war production may not suffer, householders are asked to conserve their electricity. The Department of Munitions and Supply order applies to Ontario and Quebec where many war plants are situated and working 24 hours a day. Canadians for years have wasted power and two of the most common methods of waste are illustrated above. (1) The refrigerator door is left open while the housewife takes out the foodstuffs one item at a time, and walks away. Power is also wasted when you keep the refrigerator colder than necessary. Operate it only at the required

temperature for the proper preservation of foods. (2) A frequent power thief is the electric toaster operating in competition with the daily newspaper. Toasters should be in use only when toast is required. Don't leave your toaster on all during breakfast when not toasting. Watch your toast so it won't burn. Burned toast only means that another piece has to be made and more electricity used up. Here the wastage is double—both bread and power are used unnecessarily.

(Continued from Front Page)

**Bill Kunzmann**, son of Mr. and Mrs. Wm. H. Kunzmann, Harris road, Matsqui, and former well known basketball player in the Fraser Valley League, has had several moves since enlisting in the U.S. Army. He passed his Army IQ test and transferred to the Air Corps and, passing his tests there, including 100 per cent in mathematical exam, has been posted to the Technical School at Sioux Falls, N.D.

**Gnr. Len Zink** visited his former headquarters at the B.C. E.R. and friends here on Saturday. He appears to have made a good recovery after a bout with the Army doctors. Mrs. Zink, who has also been seriously ill, is still in hospital.

**Gnr. Jack Clark**, Fort Brandon, spent a few days leave with his parents, Mr. and Mrs. R. H. D. Clark.

**Sgt. W. J. Latter**, RCAF, visited with his family over the weekend, returning to camp Sunday evening.

**AW1 Betty Heywood**, RCAF (WD), returned East on Monday after spending her leave with her parents, Mr. and Mrs. O. H. Heywood, Poplar.

**Sgt. Navigator A. McDougall**, formerly of Matsqui, whose home is now in Fort Langley, recently received his wings at Dafoe, Sask. Before leaving for a posting in Eastern Canada, he spent a few days at his home.  
Mrs. Margaret Cooke, niece of Reeve and Mrs. James Simpson has been accepted in the CWAC. **Charlie McIntosh**, who has been at the St. Thomas, Ont., technical training school, arrived back on the Coast Tuesday having been posted to No. 3 Repair Depot, RCAF, Vancouver. He used a short leave to visit here Tuesday and Wednesday.

## LANGLEY CONSIDERS PROVINCIAL POLICE

Langley council has appointed Reeve A. C. Hope and Municipal Clerk Fountain to gather information with a view to inviting the provincial police to take over the policing of Langley.

The Langley police commission considered and dropped the proposal, but the council has the power to make the change.

Chief Robert Macklin was due for retirement in February but was asked to remain in office until other arrangements could be made.

## WILL FLUSH COAT WHATCOM PAVING

Arrangements to give the new Whatcom Road pavement a flush coat as soon as possible this season were completed at the Sumas municipal council meeting on Friday night. The council learned also that its appeal for asphaltic surfacing of Vye road between "C" Street and Whatcom Road was endorsed Friday by the Associated Boards of Trade and also by Filt-Lt. L. H. Eyres, M.L.A. Mr. Eyres wrote stating the road was greatly in need of surfacing which would be a help both to residents and visitors from the U.S.A. and said he was doing his best to have this road surfaced and "C" Street completed. B.C. Police advised the council it would offer a new contract at the end of the year for policing the municipality.

## Visit of Pioneer Recalls Building Of First Dyke

Structure Was Swept  
Out in Flood of '94

One of the Fraser Valley's real old-timers, now living in Calgary, has been visiting friends at the Coast and in the Valley for the last six months. She is Mrs. Ed. Ransdale, aunt of Amos Gibbard of Matsqui, and she helped Mrs. Gibbard, Sr., cook for the men who built the first Matsqui dyke. Parts of this dyke can still be seen about 150 yards out from the new one. In other sections the new dyke is practically on the site of the original one. This first dyke went out in the flood of 1894.

Mrs. Ransdale lived for many years in Chilliwack and was well known also in Mission and Matsqui districts. She moved to Calgary in 1919. In addition to visiting her nephew, Mr. Gibbard in Matsqui, and relatives in Mission, Mrs. Ransdale visited in Chilliwack for two months, and relatives, including her daughter, in Vancouver, before returning to Calgary.

### SUMAS EQUESTRIENNES TAKE EIGHT PRIZES

Sumas Prairie horses and riders made a good showing at the Chilliwack Fair. Patsy Beldam won second prize for saddle horses under 14 hands, also the silver cup for the best boy or girl rider under 17 years. Marion Murray won first place for her western saddle horse and third place for best lady rider, western style. In the same class, Agnes McAdam won first place for the best lady rider, western style, and third place for the best western saddle horse. Mrs. C. H. Beldam took third prize in the open class for the best saddle horse over 15 hands, and she paired with Mrs. Newby of Chilliwack for first place in the best pair of saddle horses class. There were 11 entries in the latter class.

### WINS CONTEST

"A New Recruit," the title given the cover picture of the August issue of The Country Guide, has won Mrs. T. D. Edwards of Abbotsford first prize of \$3.

## MUST TURN IN RATION BOOKS

formed for the school teachers, however.

While not sufficient number have registered for the wood-working course, if all interested in this class will attend at the high school shops on Tuesday at 7:30 p.m., Mr. Burton states a decision as to its future will be made then.

Only four women have shown interest in the Abbotsford sewing class and unless there are at least 10 more do so at once there will be no class. There will be no night school typing course either for lack of enrolment.
